

## **Dr. Ravi Masharani joins the Masharani Practice**

Dr. Ravi Masharani has joined the practice in 2024 as the third generation of the Masharani family to serve the local population. Like his father, Vipul, he qualified in Cardiff University, and this was followed both by a variety of specialist medical jobs in Leicester, and GP training in Manchester and Rochdale. His particular interests are in general medicine and minor surgery. When not working, he is a grade 8 piano player, enjoys playing the trumpet and keeping fit by practising the martial arts.
